SUMMARY

A motivated and flexible individual with a background in computer science and a strong interest in creating user-friendly designs. Enjoys working on both technical and creative tasks, especially those that involve clear visual communication and solving problems that matter. Likes being part of teams where ideas are shared, learning never stops, and everyone works together to build useful solutions. Always brings a sense of ownership, curiosity, and a focus on keeping things simple and effective.

EDUCATION

Bachelor of Education (Computer Science)   **71.4 %**
Government Arts and Science College, Gudalur   2019 – 2022

INTERNSHIP EXPERIENCE

Catalogue Management Apprentice   Dec 2024 – May 2025
NATS Scheme – Amber Internet Solutions Pvt. Ltd. (Pune)

- Supported internal teams by managing catalogue data and validating records using digital tools.
- Assisted with issue tracking and basic technical troubleshooting during daily operations.
- Worked with structured data, followed documentation standards, and ensured accuracy.
- Gained exposure to real-world workflows, system handling, and cross-team coordination.

TOOLS & TECHNOLOGIES

- **Frontend:** HTML, CSS, Bootstrap, JavaScript, React, UI Design, Figma
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
- **Databases:** MongoDB, SQLite, Supabase
- **Tools & Languages:** Python, Git, GitHub, Canva, Adobe Photoshop
